No

Seek financial advice to ensure you can afford a property before submitting an offer to buy

**Make Your Offer** <<<<<<<

a new offer

**Complete mortgage application** and instruct solicitors to take care of the Legalalities

**Your Bank / Building Society** will carry out an independent valuation of the property >>>>>>>>>

Your solicitor would then finalise matters with the Vendor's solicitor, and arrange to transfer the property.

**Your Mortgage** would at this point be approved & awarded

Once the paperwork is signed and complete and the money has been transferred the property is legally yours.

You can then call into the agent's office and collect the keys to your new home
